

SOUTH EAST QUEENSLAND Fire and Biodiversity CONSORTIUM

Invites you to the

Biannual Full Consortium Meeting & Field Trip

Join us for the first Full Consortium Meeting for 2011. We have a range of speakers from interstate and regionally talking on topics from the role topography plays in creating spatial heterogeneity in fire impacts on fauna and their habitat, fuel hazard identification methods, and biodiversity conservation within Bush Heritage sites. The afternoon field trip will be hosted by local fire ecology specialists looking at fire ecology and management in the Brisbane region. The afternoon field trip is being run in conjunction with the Queensland Bushfire Consortium

When: 1 June 2011

Time: 10 am - 4.30 pm

Location: Banksia Room -Walkabout Creek Function Centre ,The Gap.
